

WOMEN'S CANCER FUND

Many patients undergoing treatment for women's cancers face great financial burdens.

The Pink Out Women's Cancer Fund was established in 2007 to provide financial assistance to breast cancer patients. As the Fund has grown, support was expanded to women diagnosed with ovarian, endometrial (uterine) and cervical cancers. This Fund will be used to assist with non-medical daily living expenses such as rent, food and utilities. Included are wigs, prostheses and special garments not covered by insurance but crucial to improving a patient's self-esteem and recovery.
